**EARTH FORUM EVENT**  
**OCTOBER 8<sup>th</sup> 2025**  
**6:30-8:00PM**  
**CLEMSON CITY HALL (Council Chambers)**

The EARTH Forum (Environmental Action Round Table for Health & Habitat) is a community gathering to help align our shared vision for sustainability in our region.

Each participant will be invited to give a 30-second to 5-minute open mic talk on what they are striving to build in our community. We will have 45 minutes available for those who would like to speak.

This gathering supports the Sustainability Committee's mission to:

“Bring together different perspectives and expertise to ensure that sustainability initiatives are responsive to the community's needs and concerns.”

Our Goals:

Foster visibility and alignment among local sustainability efforts

Spotlight the work of organizations protecting our shared environment

Build a collaborative contact list of local change-makers

Gather community insight to inform the City's Comprehensive Plan and environmental policies

Refreshments & Materials

We'll offer a light spread of local apples, muscadines, and seasonal snacks. You're welcome to bring flyers or brochures to share your work with others.

If you have questions or want to connect before the event, feel free to reach out to Shelly Geer at [geerx5@bellsouth.net](mailto:geerx5@bellsouth.net).
